

REMARKS (ELECTION/RESTRICTION)

This is in response to the requirement for election/restriction.

In response to the Examiner's requirement, applicant through his attorney, hereby elects Species A represented by Figures 2-4. It is deemed that Claims 1, 3 and 5 read on the elected species and that Claim 2 is generic.

This election is made with traverse. It is deemed that a complete search, examination and office action on the elected embodiment would require a complete search, examination and office action of the other species. As such, it is urged that no additional burden would be placed on the Examiner by withdrawing the requirement and issuing an office action on all of the embodiments of the instant application. Applicant reserves his right to file divisional, continuation, and continuation-in-part applications based upon the non-elected species.

Favorable reconsideration and a Notice of Allowance are hereby requested.

Respectfully submitted,

Edward P. Dutkiewicz,
